

BTEC Level 2 Award in Vehicle Immobilisation

Course Details

- The Edexcel Level 2 BTEC Award in Vehicle Immobilisation is designed to provide:
- Training for those in the security sector specialising in vehicle immobilisation
- Opportunities for personnel in the vehicle immobilisation sector to achieve a nationally recognised Level 2 vocationally specific qualification
- Opportunities for learners to develop a range of skills and techniques, personal qualities and attitudes essential for successful performance in working life.
- The qualification also links to recent government initiatives and regulatory requirements on codes of practice and statutory instruments and is provided for us with guidance from the Security Industry Authority (SIA). Since March 2004 a licensing system has been in place for all those working in the industry. These licences will last for three years. These qualifications will meet the first two areas within a seven-area framework.
- Successful completion of this award allows registration for licence to practise. This licence is valid only for three years and therefore Continuous Professional Development (CPD) is required (e.g. Edexcel Level 2 NVQ in Controlling Parking Areas and SIA recommended qualifications) in due time for the CPD route.

What are the entry requirements?

You will normally need to have at least one of the following:

- A standard of literacy and numeracy supported by a general education equivalent to GCSE at grades D-G
- Related work experience
- A related Level 1 NVQ or other level 1 qualification

Who is the qualification for?

People employed in the Vehicle Immobilisation sector who require a Licence to Practice

People employed in the Vehicle Immobilisation sector who wish to progress to a more advanced qualification or a Level 3 Award.

Course Content

The Course consists of 2 Units:

Unit 1: The Vehicle Immobiliser - 15 Hours

Unit 2: Communication and Conflict Management - 15 Hours

Learning Outcomes

Unit 1: The Vehicle Immobiliser

To achieve this unit a learner must:

- Investigate the **roles and responsibilities** of vehicle immobilisers
- Examine **working practices**
- Investigate **practical vehicle immobilisation techniques**
- Explore the **specialist knowledge** required by vehicle immobilisers.

Unit 2: Communication and Conflict Management

To achieve this unit a learner must:

- Explore **communications skills** for vehicle immobilisers
- Investigate **proactive service delivery**
- Explore **conflict management** for vehicle immobilisers
- Examine **situations** leading to conflict.

Assessment

All units will be assessed and individually graded as “pass”, “merit” or “distinction”.

Unit 1 is assessed via a 1 hour multiple- choice examination

Unit 2 is assessed via a 1 hour multiple- choice examination
